

Product Requirement Document (PRD)

Project Title: Dream Axis - India & Abroad Work Education Consultants

Version: MVP v1.0

Prepared For: Dream Axis Team

Prepared By: [Your Name or Dev Team]

Objective:

To design and build a dynamic, mobile-responsive, and visually appealing website for Dream Axis that reflects its scope of services in overseas work and educational consulting, while aligning with its current visual branding, colors, and messaging.

Goals:

- Establish online credibility and branding for Dream Axis.
- Allow users to explore services and job/course opportunities.
- Enable online registration and enquiry submission.
- Attract job-seekers and students through dynamic, engaging content.
- Integrate WhatsApp and call-to-action for direct contact.

Core Features (MVP):

1. Home Page

- Hero section with Dream Axis logo, tagline, and call-to-action.
- Visual banner with highlights from the uploaded posters.
- About Us: Brief paragraph about Dream Axis.
- Highlights: Animated stats/USPs.

2. Services

- Categorized into Abroad Job Placements, Educational Consulting, Course Categories.

- Each service links to a dynamic detail page.

3. Registration Form

- Multi-step or one-page dynamic form.
- Integrates with email or WhatsApp API.

4. Success Stories/Testimonials

- Carousel or cards of past client experiences.

5. WhatsApp & Direct Call CTAs

- Floating WhatsApp button with pre-filled message.
- Direct call buttons for provided numbers.

6. Footer

- Contact info, address, quick links, and social handles.

Design Guidelines:

Brand Theme:

- Primary Colors: Navy Blue, Teal, Green.
- Secondary Colors: Bright Yellow, Red.
- Typography: Clean sans-serif font.

Visual Style:

- Rounded cards and buttons.
- Use of real imagery and iconography.
- Support for Malayalam and English (optional in MVP).

Tech Stack Recommendation:

Frontend: React.js / Next.js

Styling: Tailwind CSS

Form Handling: React Hook Form / Formspree

Backend (opt): Firebase / Strapi

Hosting: Vercel / Netlify

Analytics: Google Analytics / Meta Pixel

Pages & Navigation Map:

- Home: /
- Services: /services
- Jobs: /jobs
- Courses: /courses
- Registration: /register
- About Us: /about
- Contact: /contact

MVP Functionality (Must-Have):

- Responsive mobile design
- Dynamic form with validation
- Services and courses preview
- Lead/contact options
- Dynamic navigation bar and footer

Optional (Post-MVP Suggestions):

- Blog/Updates section
- Admin panel

- Payment integration
- WhatsApp Chatbot
- Malayalam/English language switcher
